

# MULTIMAX 30

High insulating glass wool panel for cavity walls

## SUSTAINABILITY

### BETTER FOR PEOPLE

- Excellent thermal performance: ( $\lambda d = 0,030 \text{ W/mK}$ )
- High acoustic performance

- Easy to install

## PERFORMANCE

### BETTER ECONOMIC VALUE

- Time saving on jobsite execution

- Lower energy bills
- Excellent optimization of thickness / thermal performance

### BETTER QUALITY

- Non combustibile (A1)
- Excellent mechanical resistance
